## **2023-2024 KCSF Scholarships**

### **FIRST YEAR UNDERGRADUATE SCHOLARSHIPS**

#### **1. Donald Choi Canada Award of Excellence**

This is a four-year scholarship. A total of \$30,000 is awarded, with \$7,500 being awarded at the end of each school year. One Donald Choi Canada Award of Excellence may be awarded each year.

Applicants must be enrolled full-time during the 2023-2024 academic year and must be in their first year of post-secondary studies at an accredited post-secondary school.

The recipient must maintain a minimum academic average (i.e., GPA) of A (equivalent) for each completed year, for a maximum of four years, in order to fulfill the requirements to receive subsequent installments of the scholarship award. If the minimum GPA is not achieved, the recipient will forfeit the award for that year and any subsequent years.

#### **2. Byung Kuk Kim Memorial Scholarship**

This is a four-year scholarship. A total of \$10,000 is awarded, with \$2,500 being awarded at the end of each school year. One Byung Kuk Kim Memorial Scholarship may be awarded each year.

Applicants must be enrolled full-time during the 2023-2024 academic year and must be in their first year of an Engineering program at an accredited post-secondary school.

The recipient must remain in the Engineering program and maintain a minimum academic average (i.e., GPA) of B (or equivalent) for each completed year, for a maximum of four years, in order to fulfill the requirements to receive subsequent installments of the scholarship award. If the minimum GPA is not achieved, the recipient will forfeit the award for that year and any subsequent years.

#### **3. Nam Soo Kim Family Scholarship**

This is a renewable scholarship, with \$2,500 awarded at the end of each school year. The recipient may be eligible to receive up to \$10,000 over 4 years. One Nam Soo Kim Family Scholarship may be awarded each year.

Applicants must be enrolled full-time during the 2023-2024 academic year and must be in their first year of Computer Science, Information Technology, or Artificial Intelligence program at an accredited post-secondary school. Preference will be given to students from the University of Toronto (but students from other universities are eligible to apply).

The recipient must remain in the Computer Science, Information Technology, or Artificial Intelligence program and maintain a minimum academic average (i.e., GPA) of B (equivalent) for each completed year, for a maximum of four years, in order to fulfill the requirements to renew the scholarship award. If the minimum GPA is not achieved, the recipient will forfeit the award for that year and any subsequent years.

**Note:** The Nam Soo Kim Family Scholarship will not be awarded to a new recipient in a given year if the previous recipient qualifies for the renewal of the scholarship in that year.

## UPPER YEAR SCHOLARSHIPS

- **Sung and Hae Kim Scholarship**

This is a one-year scholarship in the value of \$10,000. One Sung and Hae Kim Scholarship may be awarded each year.

This scholarship is open to all studies. Applicants must be enrolled full-time during the 2023-2024 academic year and must have completed at least one full academic year at an accredited post-secondary school, at the time of application.

- **Enviro Mushroom Farm Awards of Excellence\***

This is a one-year scholarship in the value of \$5,000 per award. Two Enviro Mushroom Farm Awards of Excellence may be awarded each year.

This scholarship is open to all studies. Applicants must be enrolled full-time during the 2023-2024 academic year and must have completed at least one full academic year at an accredited post-secondary school, at the time of application.

- **Hakyoo Park Humanitarian Award**

This is a one-year scholarship in the value of \$5,000. One Hakyoo Park Humanitarian Award may be awarded each year.
